Honorary Technical Adviser.

C. H. YATES, ESQ., Superintendent, Mysore Government Press, Bangalore.

Registered Office.

Office of the Bank of Mysore, Ltd., Avenue Road, Bangalore City.

Purpose of the Company.—The object for which the Company is formed is primarily the establishment within the Myore State of an up-to-date Printing and Publishing Company with the requisite appliances and equipment to carry on, on modern lines, the business of Printers and Publishers.

A complete statement of the objects of the Company will be found in the Memorandum of Association of the Company, copy of which is hereto annexed.

Need for the Company.—As the public are well aware, the volume of business which a Company of the kind now proposed can undertake to do in the Mysore State is considerable. A large percentage of such work is now going out of the State for want of an up-to-date, fully equipped private Printing Press, capable of coping in an efficient manner with the large and growing demand within it for printing. It is feared that for the same reason similar work from outside the State is not attracted into it. Recent activities in the State, particularly the establishment of a University in Mysore, and the trend of popular ideas in it, seem to leave no room for doubt that if such works are started within the State, they are bound (under the guidance of qualified people who combine a knowledge of the modern modes of printing with a knowledge of the local demand and requirements) to prove a financial success.

Location of Company.—After careful consideration it has been decided to locate the works in Bangalore City.

Government Concessions.—The Company has been enabled to obtain from the Government of Mysore valuable concessions which will give an initial stimulus and add greatly to the prospects of its success. These concessions are contained in the following Government Orders which are published for the information of intending Subscribers :—

Letter No. 4055—Edn. 28-15-3, dated 12th February 1916, from the Secretary to the Government of Mysore, Departments of Education and Agriculture, Bangalore, to the Inspector-General of Education in Mysore, Bangalore.

"With reference to your letter No. 12098—541, dated the 23rd December 1915, regarding the printing of certain Educational Readers after the termination of the contract with Messrs. Macmillan & Co., in April next, I am desired to state that Government have no objection to half the contract being promised to the Press Syndicate in the first year on condition that if they do not commence printing within six months they must undertake to get the books printed in some other press or pay a penalty. Reasonable assurance may be given to them that if they start work satisfactorily before the end of the year, at least three-fourths of the work hitherto done outside the State will be placed with them for a period of three years. As regards the balance of work it may be disposed of by calling for tenders."

GOVERNMENT ORDER NO. 6019-20—EDN. 28-15-11, DATED 18TH APRIL 1916.

"With a view to give the Press Syndicate the facility of starting an up-to-date Printing Press in Bangalore under favourable conditions, Government are pleased to extend the period of concession to five years subject to the conditions referred to in the letter of 12th February 1916 to the Inspector-General of Education, read above.

"2. The Chairman of the Syndicate may also be informed that should the work entrusted to it during this period be done satisfactorily, Government will be glad to extend the period of concession by another period of five years."

Agreements.—The Company purpose to enter into certain agreements with the Government of Mysore on the lines contained in the above-mentioned Government Orders for the printing and publishing of certain school publications which have hitherto been done by an agency outside the State.

Expenditure and Income.—It is intended in the first instance, to call up only 50 per cent of the authorized capital. The estimated preliminary expenses will be about :—

(1) Cost of Plant and Machinery	....	Rs. 32,000
(2) Initial Stock	....	,, 16,000
(3) Preliminary expenses of formation, etc.	...	,, 2,000

This leaves an ample margin for working expenses during the opening period. It is estimated that a net return of 5 per cent will, at the outset, be possible to

shareholders after deducting all charges and making adequate provision for building up a reserve fund.

Applications for Shares.—Applications for shares should be made on the accompanying form and forwarded to the Manager, Bank of Mysore, Ltd., Bangalore, or to any of the Bank's Agencies together with Rs. 10 for each share applied for. Liberty is reserved to refuse to entertain any application for less than five shares.

If no allotment is made the deposit will be returned in full, and where the number of shares allotted is less than the number applied for, the surplus will be credited in reduction of the amount payable on allotment or for calls.

Failure to pay any future instalment on shares allotted when due will render the shares liable to forfeiture.

The Company's Articles of Association may be inspected at its Registered Office at any time during the usual business hours by intending subscribers.

Secretary to the Government of Mysore,
General Department, Bangalore.

SIR,

With reference to your letter No. G 3095 dated 4th inst. I have the honor to state that no other than water marked paper alone is stocked here.

As to superfine quality of paper, the parties desired the best quality being used for the Job, and therefore it had to be used.

In this connection, I beg to point out also, that -- similar paper is being used for the Mysore Bank Half-Yearly Report. But in all these cases the cost of the superfine paper is recovered. As the work is paid for, we had to meet with the wishes of the Directorates in both these cases.

I have the honor to be,

S i r,

Your most obedient servant,

B Ramachendra Mudaliar
